Objective:

Dedicated PHP developer with 4 years of experience in software development, seeking to leverage my programming skills and problem-solving abilities to contribute to young generation computer science and programming skills improvement. My 10 years of prior sales experience have honed my communication and teamwork skills, making me a well-rounded and adaptable professional.

Professional Experience:

UAB RPC

PHP Developer - January 2019 - Present

- Developed, tested, and maintained web applications using PHP, MySQL, and JavaScript.

- Collaborated with cross-functional teams to gather project requirements and ensure timely delivery of web solutions.

- Participated in code reviews and contributed to the adoption of coding standards, improving code quality.

- Led the integration of third-party APIs, enhancing the functionality and user experience of web applications.

- Investigated and resolved complex software issues, resulting in a 30% reduction in bug reports.

- Implemented security best practices to protect sensitive data and prevent security breaches.

Sweden & Martina

Sales Manager/ Eastern Europe - January 2009 - December 2018

- Successfully managed a sales team, achieving and exceeding monthly and annual sales targets.

- Built and maintained strong relationships with clients, resulting in a 20% increase in client retention.

- Designed and executed sales strategies, leading to a 15% growth in revenue year over year.

- Conducted market research and analysis to identify new business opportunities and target markets.

- Developed and delivered sales presentations to potential clients, showcasing the value of our products and services.

Skills:

- Programming Languages: PHP, JavaScript, Go

- Web Technologies: HTML, CSS, jQuery

- Database Management: MySQL

- Frameworks: Laravel, Symfony

- Version Control: Git

- API Integration

- Front-End Development

- Problem Solving

- Strong Communication and Presentation Skills
